WOMEN HAVE INTERESTING
MISSIONARY MEETING TODAY

All Day Missionary Meeting at First Baptist Church is Very Interesting—Women Enthusiastic In Work.

The all day Missionary meeting held Saturday at the First Baptist church was a great success in every way. Despite the very inclement weather, there was a good sized audience present to hear all of the various discussions on Missionary work fostered by the women of the Baptist churches within the bounds of the Southern Baptist Convention.

The leaders of the various subjects had made special preparation for their discussion and had called to their assistance other women of the society and church who through readings and talks strengthened the plea for the various forms of missions under discussion by that leader.

At noon a splendid lunch was served by the women and a number of the husbands of the women attending and on the program joined them in the noon day meal.

After noon the program was continued until about 3 o'clock when an offering was taken and the Missionary Society of the Maysville Baptist Church was able to raise a neat sum as their part of the contribution to the million dollar fund being raised by the Baptist women of the South for Missions.

SPECIAL NOTICE

Mr. Earl Dryden, one of our soldier boys, will preach at the Holiness Church Sunday afternoon at 3 o'clock. Come and hear him. All welcome.

SOLDIERS SHOULD MAKE
BONUS APPLICATION NOW

Mason County Men Entitled to Receive the Extra Sixty Dollar Bonus From the Government Should Make Application at Once.

All Maysville and Mason county men who are entitled to receive the bonus of sixty dollars offered by the United States government to all men honorably discharged since war ceased, should make their application as soon as possible.

All applications should be made to the Zone Finance Officer, Lemon Building, Washington, D. C. All that is necessary is that your original discharge should be mailed together with a letter in which the least said the better. This letter should simply state that you are applying for the bonus and give the dates of your enlistment and discharge. You should also tell the officer to what address you want your check mailed.

Before mailing your original discharge papers to Washington, it's a good idea to have a copy made of it. Take the original and copy to either Circuit Clerk James B. Key or County Clerk James Owens, have the copy attested and have it filed in the fire proof cabinets at one of these clerk's offices so that in case your discharge is lost you will have a certified copy on file here which may be of much service to you some time in the future.

Dam 33 Completed This
Season, Says Engineer

Appropriations For Ohio River Improvements Announced—Cincinnati District Gets Largest Slice—Rome Dam to Be Started This Year.

Maysville will greatly profit by the allotment of work under the recent congressional appropriation of \$3,000,000 for the improvement of the Ohio river, according to figures made public yesterday by Colonel Lansing H. Beach, Cincinnati, Division Engineer. The Cincinnati district, in which Maysville is located, gets the largest allotment of the funds and on the program of the officials is the completion of Dam 33 at this point this summer and the beginning of Dam 32 which will be located near Rome.

These announcements mean that there will be much of the government money spent in Maysville. The starting of the dam at Rome is especially good news. Maysville is the largest city near that dam and will greatly profit from this work.

The allotments recently made by the Ohio River Board of Engineers were returned from Washington with the approval of the Chief Engineer and are as follows:

Wheeling, W. Va., District, construction of Dam 25, \$450,000; First Cincinnati District, construction of lock and abutment for Dam 36, \$800,000, and for Dam No. 38, \$500,000, total \$1,300,000; Louisville (Ky.) District, for completion of lock and Dam 43, \$175,000, and construction of lock and abutment for Dam No. 44, \$500,000, total \$675,000; total of all allotments, \$2,425,000; administration, designing force, etc., \$35,000. The balance, \$54,000, is reserved for contingencies.

Captain R. R. Jones, engineer in charge of the Cincinnati district, says work on the two new dams—Nos. 36 and 38—will be started this season. Drawings and specifications will be prepared immediately, and plans now are to let the work for construction of Dam 36 to a contracting concern and to start the construction of No. 38 with the Government-owned plant now being used in the completion of Dam No. 39.

Dam No. 36 will be located a short distance above above Coney Island, and Dam No. 38 will be located at McVillie, about a mile and a half above Laughrey Island, three miles above Rising Sun, Indiana.

In addition to these dams authorized under the new appropriation, contracts will be let, beginning March 29, for the construction of Dam No. 30, near Greentop, Ky.; Dam No. 32, near Vanceburg, Ky., and Rome Ohio, and Dam No. 34 at the upper end of Chillicothe, Ohio.

Ohio River Dams Nos. 29, 30 and 31, now nearing completion, will be in operation by the end of this season, as will also Dams No. 35, near New Richmond; No. 33, near Maysville, and No. 39, near Vevay, Ind., said Captain Jones.

The five new dams to be started this year will be completed by 1923, Captain Jones said, and their completion and operation, together with dams to be completed in the Wheeling district, will give a twelve-foot stage in the Ohio River from Pittsburgh to Florence, Ky.

LAST DAY TO FILE
INCOME TAX RETURNS

Saturday is the last day for the filing of income tax returns and those who have not already filed their proper papers and who are subject to the taxation will have quite a penalty added to their tax. The experts at the government will work practically all day today to get all the late ones in in time to escape the penalty.

MR. CHESTER BLAND'S
FUNERAL TODAY

The funeral of Mr. Chester Bland, who died at his home at West Third and Sutton streets, Thursday night, was held this afternoon from the First Presbyterian church. The services were by Dr. John Barbour and under the auspices of the Sardis Lodge of Masons, of which Mr. Bland was an honored member.

FINED FOR PERMITTING

NOTICE
TO STOCKHOLDERS OF THE PEOPLE BUILDING ASSOCIATION

At a meeting of the Directors, held upon Friday, March 7, 1919, by a unanimous vote, the By-Laws were so amended that the Annual Meeting and Election will fall upon the first Friday in July, at 4 p. m., each year, instead of the first Friday in May, as has heretofore been the custom. This will prove a great convenience to shareholders, by getting dividends at a time to meet July bills. It will facilitate the rendering of reports, and is altogether desirable.

Dividends will, in the future, be paid on June 30th of each year. No dividends will be paid on May 1st, 1919, but, instead, a fourteen (14) months' dividend will be paid to all stockholders on June 30, 1919. A new series will be opened July 1st of each year, in the future, instead of May 1st, as heretofore.

MR. HENRY POGUE'S
WILL PROBATED

In the Mason County Court this afternoon a paper bearing date of November 8th, 1917, and purporting to be the last will and testament of Mr. Henry E. Pogue, deceased, was produced in court and filed. The due execution of the paper was proven by the testimony of Dr. A. O. Taylor and Thomas L. Pogue, attesting witnesses thereto and it was admitted to probate. By the terms of the will all of the property of the deceased, personal and real, is left to his wife, Mrs. Anna Belle Pogue for life to use any or all of the interest or principal during her life time. The will sets out that at her death the remainder of the estate shall be equally divided among his children. His wife is named executrix and she qualified as such without surety on bond. Messrs. J. N. Kehoe, J. C. Rogers and Allan D. Cole are named appraisers of the estate.

MAY HAVE EXPOSITION SHOWS
ON DOWNTOWN STREETS

The committee in charge of the management of the big Barkoot Shows which will be in Maysville for a week the first of April for the benefit of the Odd Fellows' Widows and Orphans Home, has had considerable trouble in finding a suitable place for the shows to exhibit. The ball park has been ploughed and another suitable place is hard to find. The committee has been calling on the business men to learn whether or not there would be objection to putting the shows on the downtown streets and up to the present time they have found no objection. In the past when shows are placed on lots in the East end the business men have complained that the crowds brought to town by the shows desert the business district and it is pointed out that for this reason many local business men endorse heartily the plan to put the shows on the streets.

MARCH TERM OF COURT
WILL BE SMALL ONE

The docket for the March term of the Mason Circuit Court which was closed Friday will be one of the smallest in many terms but as there are many cases hanging fire which have not been tried in previous terms it is expected that there will be a rather interesting term of court taken altogether.

MILITARY TRAINING
FOR STUDENTS OF
HIGH SCHOOL HERE

City School Head Is Notified By Congressman That War Department Will Furnish Military Instructor For Local High School.

The Maysville High School students will be given benefit of military training according to a telegram received late Friday by Superintendent W. J. Caplinger, of the city schools. The message came from Hon. W. J. Fields, Congressman for this district and was quite a surprise to all. For while it was known that a representative of the War Department had been here to discuss the matter with school authorities and was favorably impressed, it was hardly thought that action would be taken so quickly.

This action of the War Department means that there will be a special military instructor furnished by the War Department in the High School. This instructor will be a West Point graduate and will instruct the young men in military tactics. It is expected that many of the young men students will be entered in the course and it is understood that the government will furnish all young men entered with uniforms and full army equipment. Besides receiving their tuition free there will be an allowance made by the government. Just the amount of this allowance is not known for certain but it is probable that the amount will be in the neighborhood of thirty dollars.

The time for the arrival in Maysville of the instructor has not been fixed but he will probably be here in a short time to begin his work. It is understood that a summer camp will be established so that the young men can get in their practice during the summer vacation months.

EVERY ONE IN COUNTY WILL
RECEIVE TAX INCREASE NOTICE

Sheriff Charles Galbreath and his deputies have quite a job on their hands in notifying the Maysville and Mason county people whose tax assessment has been increased at the adjournment of the County Board. The County Board is making practically no increases in last year's assessment but the State Equalization Board has increased the county to such an extent that every property owner in the county will feel it and therefore every property owner will receive a notice of the increase through the sheriff or one of his deputies.

PRES. WILSON DEMANDS
LEAGUE IN PEACE TREATY

President Expected to Urge Inclusion of League of Nations Plan in Peace Treaty Today.

Paris, March 15—President Wilson was expected today to urge inclusion of the League of Nations in the preliminary peace treaty with Germany. It was understood he believes such a course not only is possible, but advisable.

The president's position was to be made known, it was understood, either at an informal meeting this noon or at the session of the Supreme War Council called for 3 o'clock this afternoon.

At the noon meeting he was to be acquainted officially with progress made in the peace during his absence.

Despite the activities of the committees while the president was away, his return has given new impetus to every department of the peace conference, owing to the fact that settlement of many questions was contingent on his judgment and leaders were more hopeful than ever today that the preliminary treaty would be ready for submission to the Germans beginning March 20 and 22.

Under this rule there will be an early meeting of the League of Nations Committee, of which Wilson is chairman, and various nationalities, including neutrals, will be sounded for suggestions and ideas.

TOBACCO SALES REACH
NEAR 27,000,000 POUNDS

Weekly Average on the Maysville Tobacco Market Shows Another Decrease—Nearly Two Million Pounds Sold.

Weekly figures show that during the week closed Friday a total of 1,704,645 pounds of tobacco was sold on the Maysville Tobacco market at a general average of \$23.59. This is more tobacco and a better average than was anticipated by the tobacco dealers of the city.

These figures bring the total sales on this market to date up to 26,974,715 pounds which is considerably more than was at first expected would be sold here this season.

Warehousemen are of the opinion that during the next two weeks there will be quite a little rush on the local market. They say there is more tobacco on hand than one would think and that this will be rushed in as soon as possible. Farmers are urged to remember that March 28th is last sale.

TWO ELEAD GUILTY TO
GAMBLING BY CRAPS

Another Raid on Sixth Ward Gambling Place By Police; Two Men Arrested Enter Pleas of Guilty—Get Off With Light Fines.

The local police made a second raid on the Carmel street gambling Friday night and arrested James Fryman on a charge of playing craps. One of the men in the crowd, Goebel Hatfield, got away from the officers but later surrendered himself and entered a plea of guilty to the charge of gambling. He was fined \$20 and costs and released.

This afternoon in Police Court Fryman was brought into court on the same charge and he too entered a plea of guilty and was fined \$20 and costs.

The police some time ago received complaints that there was gambling on Carmel street in the Sixth Ward and a raid was made which resulted in the arrest of two young men. These men were tried before a jury in Police Court and one was freed while the other was fined heavily.

The police say there is much complaint about gambling in that section of the city and they are determined to break it up.

DAILY READINGS SUGGESTED

One of the ministers of the city suggests the following course of daily readings as helpful at this season of the year. The course will close in a study of the events in the last week of Christ's life and of his death and resurrection.

March 16, Exodus 20:1-17; Luke 10:26-37. March 17, Ecclesiastes 12; Prov. 3:1-26. March 18, Luke 18; March 19, Romans 12; Mark 8:34-37. March 20, Psalms 73 and 122. March 21, John 3. March 22, Matthew 5. March 23, Matt. 6. March 24, Matt. 7. March 25, Luke 12:1-37. March 26, Exodus 33:1 to 34:8. March 27, Isaiah 52 and 53. March 28, Psalms 51 and Isaiah 55. March 29, Mark 2:23 to 3:6 and Hebrew 10:29-25. March 30, Hebrew 11:17 to 12:4. March 31, Exodus 4:10-17; Jeremiah 1:4-10; Isaiah 6.

These references cover the first half of the course. This could be clipped from this paper and placed in the Bible for ready reference.

Sanders & Maggard, Fleming county stock dealers, today shipped a carload of horses from this city to Flemingsburg. The animals had been shipped here from Portsmouth, Ohio, where they were purchased.

SUNDAY SCHOOL LESSON

Lesson For March 16, 1919.
International Sunday School
Topic: "The Cities of Refuge"

Joshua had now conquered the greater part of the land of Canaan and divided it among the tribes of Israel as an everlasting possession. It was subdivided to families and could not be alienated for a period beyond forty-nine years. Forty-eight cities had been allotted to the tribe of Levi for residence, but they had only the suburbs for their gardens. They were to be supported by a tithe of the increase of the other eleven tribes.

As the Lord had instructed Moses so Joshua designated certain of the cities of the Levites as cities of refuge. The country on the East side of the Jordan had been conquered by Moses, and divided among two and a half of the tribes, and in that territory Moses had selected three cities of refuge. Three more were to be chosen on the West side of the Jordan, for there were to be six in all, and more if more of the country promised to Abraham should be conquered.

What were these cities for? In the early history of the world before laws had been enacted and courts established, such as we have, it was the universal custom for near kinsmen to avenge the wrongs of men. If a man was murdered it was both the privilege and the duty of his nearest of kin to inflict a punishment on the slayers commensurate with the crime.

And so of other wrongs. The law of Moses advances a step above this. If the homicide was committed accidentally, as we say, with no intention of killing, then the slayer could flee to these cities of refuge and escape the avenger. At the gate of the city he met the elders and declared his case, and if they were favorably impressed he was admitted and his pursuers were felled. Later he was examined or tried before the congregation and condemned or acquitted. If acquitted he had the freedom of that city until the death of the high priest whom he was set at liberty. All this would act as a punishment.

These cities were centrally located so that every such slayer would have a fair chance to escape. The roads were forty-eight feet wide and were kept in good repair so that the slayer might have every chance to save his life.

These cities were types of Christ. The sinner flees to Him for refuge: Heb. 6:18, and thereby escapes the penalty of God's law that he has violated. This is the glory of Christ. He stands between justice and the sinner, and gives to him a pardon that shields him from an avenging Judge.

In this day of progressive Christianity, prisons originally designed only for punishment of the criminal and protection to the country, have been turned into reformatories, and Christian and humanitarian methods are being used to accomplish this result. Much has already been done in this line, and much more is being attempted. In our own state of Kentucky, the prison at Frankfort is now called "the State Reformatory" and men are being prepared for citizenship when their terms of confinement expire.

No More Days Of Less

Meatless, heatless, wheatless are days of the past; but the thrift born of them is with us to stay.

To demand the utmost for a dollar is one great lesson the world has learned. Along with other days of less, it has cancelled days of less service.

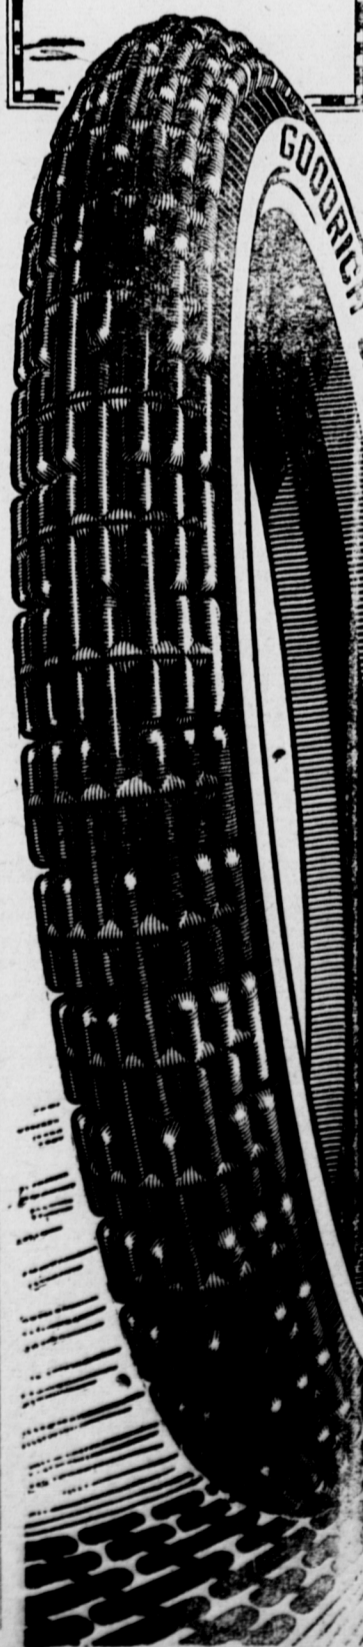

Service has always been the Goodrich measure of the value of tires; that is, what a tire proves itself worth you in service on your car, and on the road.

You see promise of service in the burly, full rounded bodies of Goodrich Service Value Tires; and their thicker SAFETY TREADS, extra wide to fortify the sidewall against rut grinding.

You get fulfillment of promised service value in their dependability and durability wherever you take them.

ALL NERVOUS WOMEN

May Benefit by the Remedy Mrs. Little Recommends for Nervousness
Whitman, Mass.—"I suffered from a nervous, rundown condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to any one suffering from a nervous, run-down condition."—Mrs. R. M. Little.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body building tonics. We strongly recommend it.

DEFERRED BUILDING CONSTRUCTION CAN BE RENEWED NOW

Work Held Up For Long Time Because of War Conditions Should Be Immediately Renewed.

Deferred building constructions is one of the first portions of our war debt which must be met, for it provides facilities for paying the remaining portion of the war debt and also decreases the cost of living.

It is an economic waste to allow labor and materials to remain even temporarily in idleness when they may in the meantime be put into wealth and tax-producing structures. Money is not consumed in building operations but passes in the National banking system, yet it leaves on its way a permanent evidence of wealth—such as water-power, a highway, a railroad, a sewer or other necessity to the earning power of society.

The increased cost of building material is only about half that of some other commodities. Investment in building has always been considered the safest investment for the individual and his dependents.

The increased cost of building material is offset in some localities by decreased cost of land.

The country is probably a full year behind in its civil construction program, amounting to at least three billion dollars. This amount must be caught up and normal building continued; a condition of permanently arrested development of the country is inconceivable.

VILLAGE CITIZENS GROW A BIG TOBACCO CROP

West Union, Ohio, Makes Record as Tobacco Growing Village Which Stands Highest in Burley District.

West Union, Ohio, March 14—All told, 43,075 pounds of tobacco were raised within the corporate limits of West Union last year, the total sales of which amounted to \$12,574.38.

The "king bee" town farmer in West Union is William Bayless, who with his tenants, Ben Mains, William Leach and Charles and Milt Bayless, raised on his several pieces of land located in the corporation, a total of 21,000 pounds of the weed, the cash proceeds of which amounted to \$5,500.

From the above showing it would look like town farmers did not grow anything last year but tobacco, but such is not the case. Almost every family had a garden and harvested an abundance of small vegetables, corn and potatoes.

The farmers' warehouse sold during the present season a total of 1,635,700 pounds of tobacco for an aggregate value of \$441,605.22. This is over 100,000 pounds more than was sold here last season, when the total sales amounted to 1,538,650. The total cash value of the sales last year were \$329,237.60.

Sometimes a young man spends so much of his capital for experience he doesn't save anything to support a family on.

The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Maysville resident. No stronger proof of merit can be had.

George H. King, prop. grocery 615 E. Second St., says: "I have used Doan's Kidney Pills off and on for several years, getting them at Chanslor's Drug Store and I have been greatly benefited by them. Sometimes the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been in that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack in quick order."

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head.

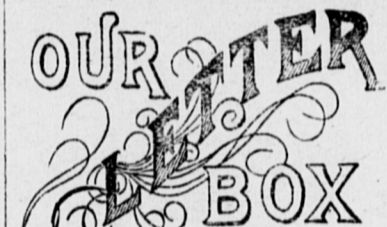

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Lincoln Liked Farm

Washington was a farmer at the time of his death and loved the soil devotedly. President Lincoln lived close to the soil as a boy and believed firmly in the broadening effect of living rationally in the country. His viewpoint can be secured from the following quotation:

"No other occupation opens so wide a field for the profitable and agreeable combination of labor with cultivated thought as agriculture.

"I know of nothing so unpleasant to the mind as the discovery of anything that is at once new and valuable—nothing that so lightens and sweetens toil as the hopeful pursuit of such discovery. And how vast and varied a field is agriculture for such discovery. The mind already trained to thought in the country school, or high school, cannot fail to find there an exhaustive source of enjoyment. Every blade of grass is a study; and to produce two where there was but one is both a profit and a pleasure."

**IMPROVEMENT IN
BUILDING SITUATION
IS NOW REPORTED**

Field Agent of Department of Labor
Announces Improvement in National Building Situation.

Having traveled in the last six weeks all States in the Union except those of the southeast, Henry N. Teague, field agent for the U. S. Department of Labor, reports to the Information and Education Service that industrial and labor conditions show a marked improvement during the last 60 days. This results, in Mr. Teague's opinion, from the fact that State and municipal authorities have come to appreciate the necessity for better employment for labor and the possibilities of stimulating business through extensive public improvements.

Mr. Teague has traveled, during the last six weeks, from Boston to San Francisco, and from Seattle to New Orleans, calling on all the Governors and on the Mayors of the principal cities and carrying a personal message to them from Secretary of Labor Wilson. When asked to state his outstanding impression from his trips, Mr. Teague said:

"There is to be a great deal of public building during the next six months. I am convinced the public improvements program for 1919 will equal that of any five years in the country's history and the road building activities from the Atlantic to the Pacific, once under way, are to be tremendous.

"I have been much surprised to find the scope of improvement work in the west larger than in the east. Perhaps this may be accounted for in the fact that the west needs more improvements than the east. It is newer country. The Governors and Mayors of the west, almost without exception realize the prudence of going in for public improvements as a source of better employment for labor and a means of stimulating general business. The west, too, is much interested in reclamation and is anxious to make land, heretofore arid and waste available and suitable for farming by such former soldiers as wish to go back to the soil."

"Most of the Governors of the agricultural States," Mr. Teague said, "are anxious to get men from the Army to settle in their States. This is because they believe the Army to settle in their States. This is because they believe the Army represents the best manhood and brains of the country and if their respective States can absorb soldiers, the Governors believe the States will get the highest type of citizens and the best blood of the Nation."

Mr. Teague says there is much criticism in the west of the Federal Government's failure to go ahead with its own building operations. In many localities Federal buildings, for which sites, plans and appropriations were had before the war, are now held up because the original appropriations will not cover present construction costs on the buildings desired. Mr. Teague says, in such localities there is resentment over the fact that the Government has not been granted additional money to carry on these building activities and the fact that this has not been done is exerting a harmful influence on many private interests which feel that if it is prudent for the Government to refrain from building at this time, it also is prudent for the private interests to follow the same course.

"There are more building activities in New Orleans than in any other city I visited," Mr. Teague said. "New Orleans is spending \$14,000,000 on the municipal docks. More than 10,000 men are employed in this undertaking."

"I anticipate no labor crisis throughout the country for the communities are awake to the situation. There is just as much unemployment today as thirty days ago, and yet the situation is much improved because local initiative is being brought to bear on local problems and as soon as the cities and States get under way

**FASCINATING IS
MONDAY NIGHT'S COMEDY**

"Daddy Long Legs" Coming to Washington Theater Monday is Most Fascinating of Comedies.

Henry Miller will present Jean Webster's fascinating comedy "Daddy Long Legs" at the Washington Theater on next Monday.

During five successful seasons more than a million people have enjoyed this story of a modern Cinderella, whose dreams came true. Its quaint little heroine, Judy Abbot, who is transported from a hard life in a bleak institution for foundlings, to a fashionable college for girls, by a benefactor whose name she is not allowed to know, reaches the heart of everyone. The delightful romance begins when Jervis Pendleton, the "Daddy Long Legs" of the story, decide to pay a visit to his ward, whose monthly letters have charmed him, without letting her know that he is her mysterious benefactor. The company which Mr. Miller has selected for the coming engagement includes the best of the players from the several companies seen on tour last season. Seats go on sale at Shafer & Watkins' today.

Because of the Red Cross, an enlisted man convalescing at Vichy, can live on nothing a day and never want a thing from vaudeville and movies to hot baths and lunches.

AUTO VICTIMS ARE IMPROVED

No Serious Results Feared, Says Physician After Examination of Injuries Caused by Collision.

Reports from the King's Daughters' Hospital last night said that Mrs. Clarence LeBus, Mrs. Desha Breckenridge, Mrs. William V. Judson and Mrs. Preston Wooten, who were injured when Mrs. LeBus' automobile blew out a tire going down a steep hill five miles west of Shelbyville and crashed into two telephone poles, all had passed a comfortable night and that none was in a serious condition.

Mrs. LeBus, whose face was cut and her neck severely gashed when she was thrown through a plate glass partition of the limousine is the most painfully injured, but no serious results are feared, according to the attending physician.

Mrs. Judson suffered a broken right collar bone and minor cuts and bruises. Mrs. Wooten was cut upon the right hand and bruised. Mrs. Breckenridge suffered bruises and cuts about the face.

**KENTUCKY'S QUOTA IN
CENTENARY INCREASED**

One Hundred Thousand Dollars Added to State's Centenary Apportionment For Union College.

Kentucky's quota in the Methodist Centenary Movement for church expenses and benevolences, was increased from \$400,000 to \$500,000, of which \$100,000 will be given annually for five years to Union College, Barbourville. This was decided at the conference of district superintendents of the Kentucky Conference, held in the Northern Methodist church at Lexington Friday. The Board of Trustees and faculty of Union College and Dr. F. H. Dudley, State Centenary Chairman, attended the sessions, which were held at Centenary Methodist church. Dr. Thomas Burroughs Roberts, pastor of the church, Doctor Dudley and Dr. E. F. Franklin, president of the Northern Methodist church at Lexington Friday. The Board of Trustees and faculty of Union College and Dr. F. H. Dudley, State Centenary Chairman, attended the sessions, which were held at Centenary Methodist church.

Dr. E. H. Thier, of Columbus, O., formerly a Y. M. C. A. man, who has raised \$400,000,000 in the last 22 months; Dr. F. I. Johnson, of Columbus, secretary of the Cincinnati Area including Indiana, Ohio, Kentucky, and West Virginia; Dr. E. F. Franklin, president of the Union College, and Doctor Dudley made short talks. A round table discussion among the 35 delegates present followed.

The trustees of Union College reported that the real estate holdings of the institution in Louisville had been sold, bettering the financial condition of the institution.

**ROBERTSON COUNTY
IN DIRECTORATE OF
GERMANTOWN FAIR**

Plans Made For Biggest Show of Its History at Old Reliable This Season Dates Fixed For August 27, 28, 29 and 30—Robertson County Is Recognized.

Secretary Dan H. Lloyd, of the Germantown Fair Company, was in Maysville yesterday making preliminary arrangements for the 1919 session of the Old Reliable Fair. This year the show will be bigger and better than ever and special attention will be paid to certain features which heretofore have had little attention.

One of the greatest forward steps taken by the stockholders of the company at their annual meeting was the selection of four directors from Robertson county, thus bringing Robertson county into the company and recognizing it as a part of the fair. In the past the fair has been managed by a directorate of Bracken and Mason county men but for several years such loyal support has been given the fair by the good people of Robertson county that the stockholders decided they should be represented on the board of directors.

The full list of officers chosen for this year follows:
President—Carroll D. Asbury.
Vice President—Dr. J. C. Browning.
Treasurer—John Wallingford.
Secretary—Dan H. Lloyd.
Marshal—S. A. Frazee.
Superintendent of Hall—Perry McDowell.

Superintendent of Stock—Richard Boulden.

Mason County Directors: Thomas Molloy, S. A. Frazee, D. A. French, H. D. Smoot, Wood Wallingford, John Wallingford, M. C. Kirk, J. C. Browning. Dan H. Lloyd, Richard Boulden. Bracken County Directors: G. T. Reynolds, W. C. Metcalfe, W. N. Humlong, E. C. Fagan, C. D. Asbury, Allen Robertson, Frank Collins, Perry McDowell, John R. Walton and Thomas Tyler.

Robertson County Directors: E. L. Tilton, George Bradford, G. W. McDowell and C. D. Asbury.

The Germantown Fair this year expect to pay the same attention to saddle and harness horses that has been paid in the past and to make a special feature of cattle, hogs, sheep, mules and poultry. The Premium list has been materially increased and the Breeders' Associations of this section have given material help to the Fair Company in offering some splendid premiums.

Special attention will be paid by the Fair this year to the work of the County Agent and specially to the Boys and Girls Club work of various kinds. Very valuable premiums will be offered in all of these classes and it is expected that there will be many entries.

From now on special attention will be paid to working up a great big fair this year. The Germantown Fair has always been considered the biggest and best fair in this section of the state and it is the hope of the officers now to make it one of the biggest and best county fairs in the whole nation.

**FORMER STAMP RATE
GOES ON JULY FIRST**

Kentucky Postmasters Receive Official Notice of Postage Change.

Postmasters in Kentucky cities have received official notification that postage rates on all first class mail matter will be reduced after July 1, to the rates in force October 3, 1917, the two-cent stamp replacing the three, and the one-cent postcard replacing that now sold for two.

The new Victory Stamps of three-cent denominations, issued in commemoration of the successful outcome of the war, is not intended to take the place of the regular issue of three-cent stamps and will be supplied only to patrons who request them. The design which is in purple represents a standing figure of Liberty with a background composed of the flags of the United States, England, France, Belgium and Italy, the countries most actively engaged in the war.

BIG FIRE AT PAINTSVILLE
Paintsville, Ky., March 15—Two city blocks were razed by fire here early yesterday, which started in the grocery of Ben Woods. The flames spread rapidly to the postoffice and adjacent business houses until 18 buildings were destroyed. The loss is \$100,000, with only \$5,000 insurance. Besides the postoffice, a hotel, 12 business houses and four residences were burned. Public utilities were crippled for many hours.

ENCEAU IS GIVEN THE
DEATH SENTENCE**

Paris, March 15—Emile Cottin, the anarchist who recently made an attempt upon the life of Premier Georges Clemenceau, was yesterday sentenced to death by the court martial which was trying him. The verdict of the court martial was unanimous.

In his examination yesterday before the court martial trying him on the charge of wilfully attempting to murder Premier Clemenceau, Emile Cottin declared that if he had escaped after his attack on the Premier he would again have tried to take M. Clemenceau's life if he thought he might succeed.

**ATTRACTIVE PROGRAM

The Personal Side

In considering a bank or trust company as executor, many persons imagine that such relationship precludes the personal touch so likely to be desired by relatives and other beneficiaries. This is far from true.

On assuming the duties of executor, the Bank of Maysville at once establishes the closest possible relationship with those interested through an executive officer, who makes it his business to acquaint himself as fully as consistent with the many and varied details involved.

His services are thenceforth highly individual and personal. He is responsible to this Bank, which in turn is responsible to the estate and to the Court.

Preserve the integrity of your estate by putting it into the hands of this Bank which has these factors of dependability: Assured existence, collective experience, state supervision, and large financial responsibility.

BANK OF MAYSVILLE
